

As a Licensed Massachusetts Home Inspector, I am associated with many realtors. Andy Saviolakis is truly one of the most professional realtors whom I work with. From the time the Home Inspection is scheduled to the time the Home Inspection Report is E-mailed to the client and beyond, Andy looks out for his clients' best interests with regard to the Home Inspection.

During the Home Inspection, the interaction between Andy and his clients as well as with the other agents- is extremely professional which usually results in quicker resolutions to any issues that may arise.

I would happily recommend Andy to anyone looking to purchase or sell real estate.
